Closing Thought

---

We started the year under pressure from a severe drought, which led to necessary Impala and plains game culling to maintain ecological balance. But even in that challenge, there was purpose—providing vital meat supplies to surrounding communities. And then—the rains came...

### WEATHER & LILLIES

February and March brought generous rain that transformed the bush almost overnight. The once-dusty plains turned green, and in one of the most breathtaking displays we've seen, fields of white rain lilies stretched for miles—a true Namibian miracle.

### WHAT'S NEW AT CAMP

We're thrilled to welcome Janrich, our new Professional Hunter in Training. His energy, knowledge, and love for Namibia are already making a big impact on both team and guests.

### SMILE OF THE WEEK

This one goes to our spirited German guest who, while stalking springbok on foot, tripped gloriously over a large anthill and sprawled out like a picnic cloth! Thankfully, all was well—except maybe the anthill's pride. It gave the trackers a good laugh and became one of those light-hearted moments that we'll be talking about for seasons to come. Thanks for the laughs and good humour!

### TRAVEL TIPS – VISA ALERT

If you're planning a trip to Namibia this year or next, please check the new visa regulations. Some nationalities now require pre-approval or have reduced stay limits.

### FINAL WORDS FROM AROUND THE CAMP FIRE
